Gooseneck Tube Clamp Mount

Keep your smartphone conveniently nearby and easily within reach with CTA Digital's Gooseneck Mount for Smartphones. The gooseneck feature gives you the ultimate flexibility in direction, angle and orientation for your smartphone device. With a specially designed wide-mouth clamp grip and an extremely long 34-inch gooseneck, this tube clamp mount provides the fit and reach to work on any structure with a pole or rod, such as a beach chair, hospital bed, gym equipment, wheel chair and more. The button-activated slide mount provides a sturdy hold for smartphones between 3.5 to 2.13 inches in width, which is perfect for the iPhone 6S Plus, Samsung Galaxy Note 5, HTC One M9 and more. The mount even has small supports at the bottom that turn out and provide extra security for when your phone is being held vertically. So, enjoy your smartphone with convenient, hands-free utility thanks to CTA Digital's Gooseneck Tube Clamp Mount for Smartphones.

Features Include:

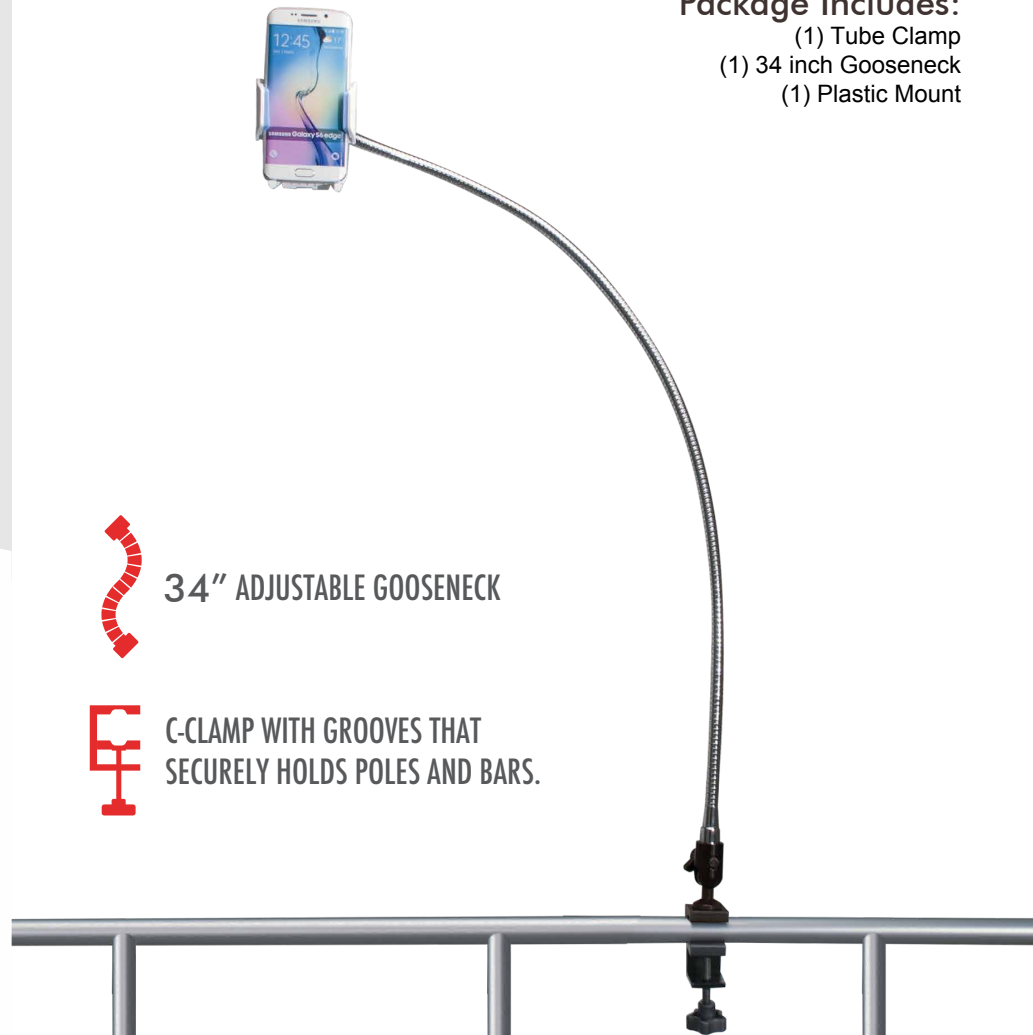

- Compatible with smartphones between 3.5 • 2.13 inches in width, like the iPhone 6S Plus, Samsung Galaxy Note 5 and HTC One M9
