Articulating Desk Mount Arm with VESA Plate

Articulating Desk Mount Arm with VESA Plate

This sleek, articulating monitor arm creates a secure space saving solution on countertops, tables, desks, or even walls (with included wall mount hardware). It's an ideal solution for hotel lobbies, conference rooms, classrooms, waiting rooms, or any place that requires a screen with lots of angle adjustment. The padded base mounts to surfaces up to 3-inches thick via simple rotary C-clamp. When the mount is in place, use the provided security tool to lock the clamp. The VESA plate at the top of the mount attaches to any compatible monitor or device with 75 x 75 or 100 x 100mm mounting holes, and can be easily set up for either portrait or landscape orientation. The head rotates 360 degrees and tilts at 3 axes, allowing for virtually any screen placement. The center joint features a 19-inch vertical adjustment. It can be loosened, repositioned, and locked in place with an included Allen key. The base joint also allows full rotation, allowing convenient angle adjustments. Rated for monitors or enclosures up to 32-inches diagonal, and up to 17.6 lbs.

Features:

- Sturdy metal C-clamp fits surfaces up to 2.36 inches thick, or walls with the included wall mount hardware.
- Angle adjustable arm with flexible elbow joint allows 19 inches of height adjustment via Allen key locking mechanism at the center joint
- 360-degree rotation from both the head and base joints
- 75x75 and 100x100mm VESA compatible plate at head
- VESA plate tilts at 3 axes and rotates for use in portrait and landscape orientations
- Versatile C-clamp installation system can be used on countertops, or walls (with wall mount hardware)
- Compatible with monitors up to 15.4 lbs. and 27-inches diagonally.

Specifications:

- Maximum arm length: 19-3/4"
- Arm width: 1-1/2"
- Arm depth: 1"
- Clamp diameter: 4"
- Maximum clamp height: 19"
- VESA pattern sizes: 75x75 and 100x100 mm
- Weight: 3.4 lbs

Package includes:

- (1) VESA plate
- (2) Arms
- (1) C-clamp mounting system
- (1) Set of mounting hardware
