Premium Padded Shoulder Strap with Loop Tie for VersaGuard Cases

ADD-VGCUSTRAP

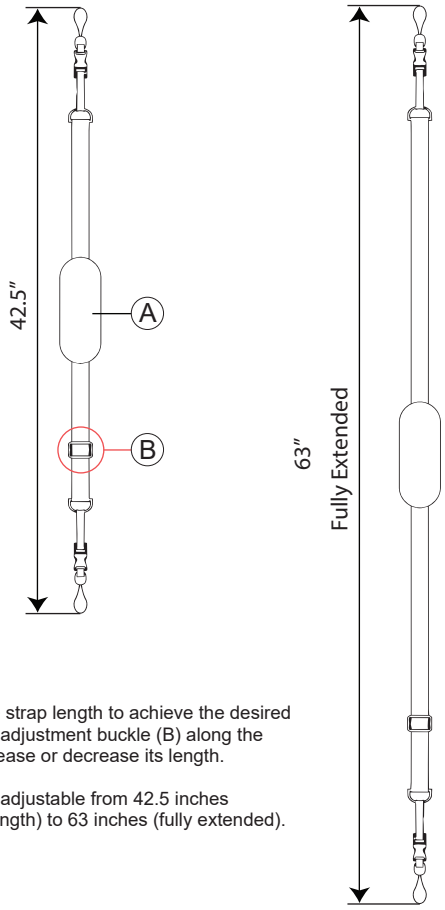

INSTRUCTION - MANUAL

CONTENTS:

INSTALLATION:

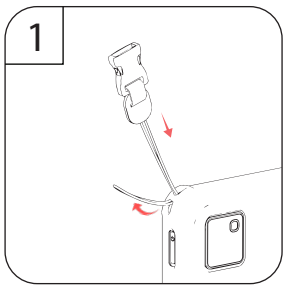

1.Strap lenght adjustability

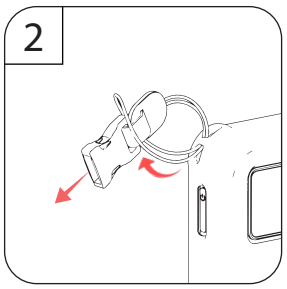

1. Adjust the strap length to achieve the desired fit. Slide the adjustment buckle (B) along the strap to increase or decrease its length.

The strap is adjustable from 42.5 inches (minimum length) to 63 inches (fully extended).

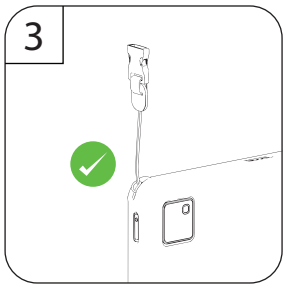

2. Attaching strap clips to case hooks

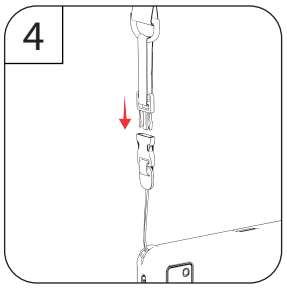

Insert the Loop:
Pass the small attachment loop through the designated hook on the corner of the case.

Thread and Secure:
Feed the clip end through the attachment loop, then pull firmly to tighten the loop around the case hook.

Check the Connection:
Ensure the loop is securely tightened and properly positioned.

Attach the Strap:
Insert the strap connector into the attached clip until it clicks into place.
