1. How to insert tablet into case

Starting at a corner of the case, peel away the silicone jacket. Work your way around until only the hard case remains.

Step 1

Step 2

Peel away plastic frame starting with the bottom of the case as shown to the left. Work your way around the perimeter, unclipping the frame where there are clips.

Step 3

Insert tablet into the back portion of the hard case

Step 4

Re-insert the front frame back on. Make sure you go around the perimeter of the case and clip all the clips securely and tight.

Step 5

Starting at a corner, re-apply silicone jacket around the back portion of the hard case and you're all set.
