

Universal Security Tablet Holder Mount for Poles, Beams, & Corners

PAD-AVPMB

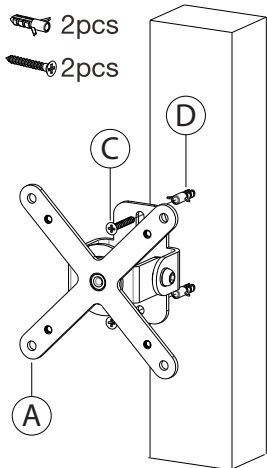

INSTALLATION - MANUAL

CONTENTS:

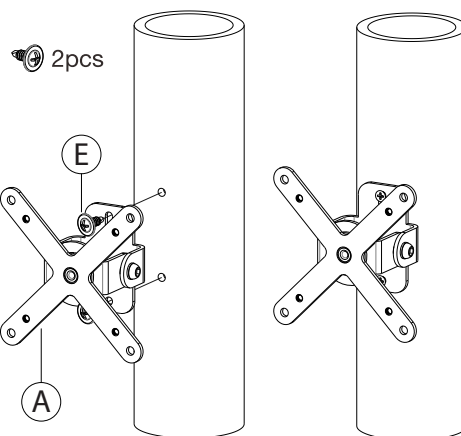

INSTALLATION:

1A. Setting up Wall Mount Option

Screw in nails (C) using a screwdriver (not included) through the VESA canopy (A) into the anchors (D) until securely tightened.

1B. Setting up Pole Mount Option

Screw in nails (E) through the VESA canopy (A) into the pole directly until securely tightened.

2. Inserting Tablet Device into Holder

****Tablet shown for illustration and NOT INCLUDED.**

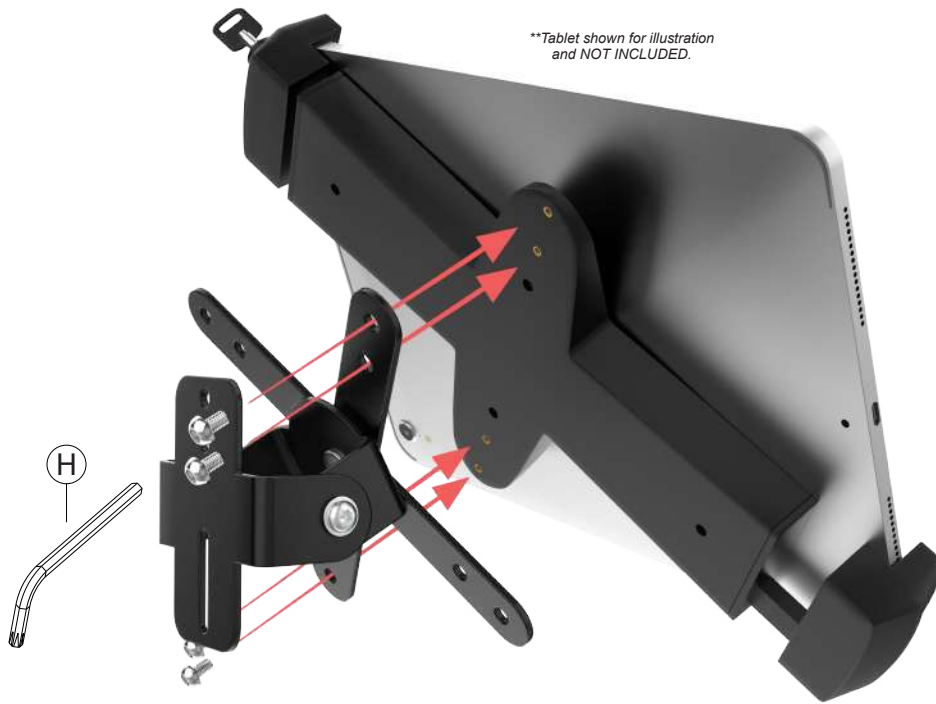

2A. Take the holder (B) and insert the key (K) to make sure you have the arms unlocked. Extend the arms out to match the corners of the tablet (not included).

****Tablet shown for illustration and NOT INCLUDED.**

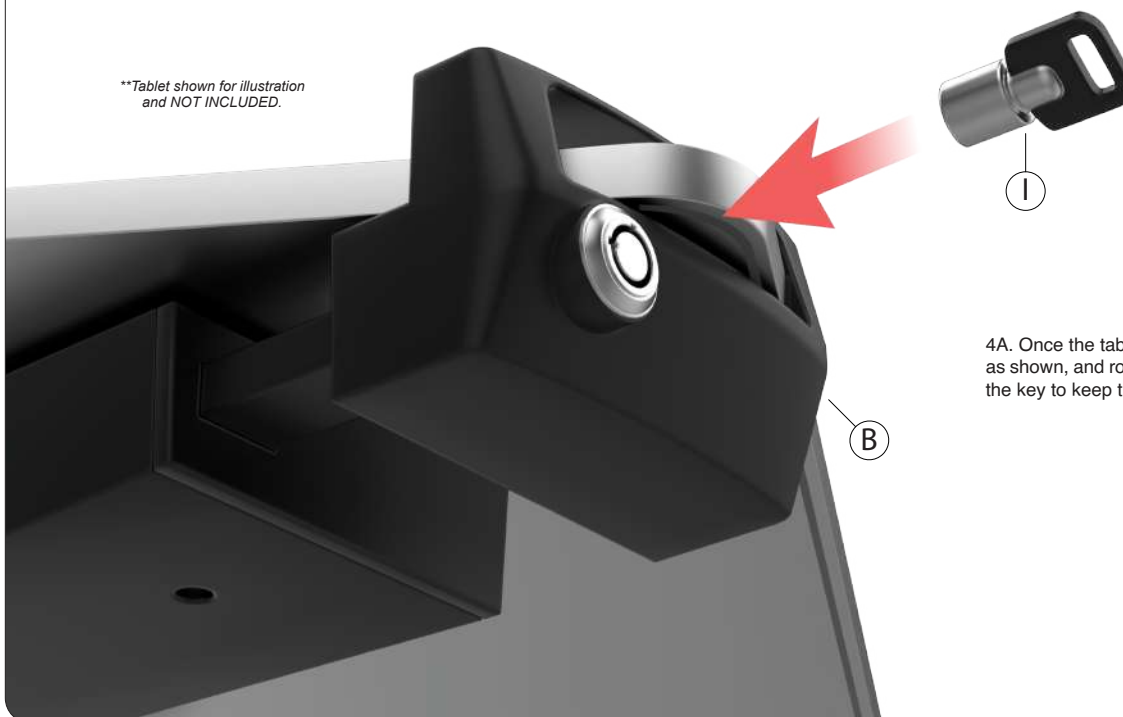

2B. Retract the holder on the outside of the tablet as illustrated. Lock the key to secure into place.

3. Attaching Holder with Mount

3A. Align tablet holder (B) VESA holes with the mount (A) VESA plate holes. Rotate in with the provided tool (H) until securely fastened.

4. Locking Tablet Device Holder

4A. Once the tablet device is in place, insert the key (I) as shown, and rotate it to lock the holder. Then, remove the key to keep the holder locked in place.
