Universal Security Grip Kiosk Stand

For 7.9" - 12.5" Tablets

Universal Security Grip Kiosk Stand

This versatile desk kiosk with universal security enclosure is the perfect desktop stand for use in retail, restaurants, coffee shops, schools, hospitality desks, check-in stations, and more. The holder grips diagonal corners snugly in place with rubber grips. To insert a tablet, unlock the arms with the included key, adjust to fit, then lock in place. The sturdy base can be permanently mounted to any horizontal surface but is also heavy enough for use without screwing it down. The stand itself features full 360-degree rotation, making ideal for retail transactions. The VESA plate also rotates, allowing for use in either portrait or landscape orientation. All cables and charging cords may be neatly routed through the center body.

Features:

- Universal enclosure fits 7.9-12.5" devices.
- Heavy-duty Steel base
- Scratch protected padding on weighted base
- Perfect for reception desks, waiting rooms, retail stores, grocery stores and more
