Rolling TV Mount with Cable Management

"For televisions and monitors from 32-65 inches up to 110 lbs and more"

Rolling TV Mount with Cable Management

CTA Digital's Rolling TV Mount with Cable Management offers loads of adjustment capabilities when used in retail spaces, schools, warehouses, gyms, conference rooms, residential facilities, medical spaces, offices, and any place that needs mobile screen. The attractive metal stand moves on optional casters with wheels that lock in place. Adjustable brackets on the back allow plenty of height adjustment to accommodate different audiences in different spaces. Monitors attach via standard VESA 100 x 100 and 600 x 400mm plate. A central cross boar allows for the addition of a useful mounting tray. Cables can be neatly routed out of the way through the support pillars. This sturdy stand is compatible with televisions and monitors from 32 - 65 inches up to 110 lbs., including Elo touchscreens.
