

Protective Pogo Charging Case for Lenovo K11

VG-K11

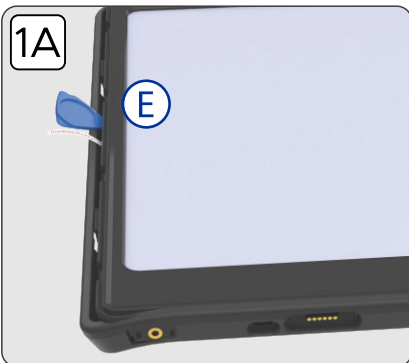

INSTRUCTION - MANUAL

CONTENTS:

INSTRUCTIONS:

1. Setting Up Device into Case

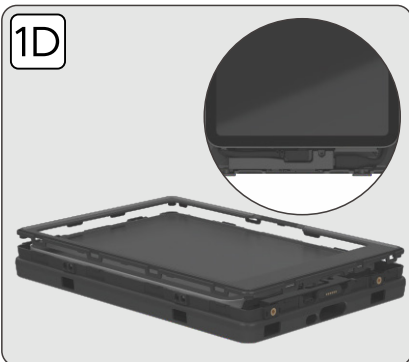

1A. Peel the TPU sleeve from the internal hard case using component (E). Do not take off completely. Peel back enough so you can see the edges of the hard interior case(A)

1B. To open case apply gentle pressure to the small clips around the perimeter of the interior hard case. Use your fingers to unclip. The internal hard case will open when all 4 sides are unclipped. Remove the top cover for now.

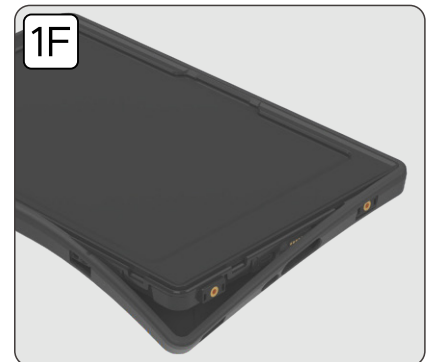

1C. Insert your tablet into the back port of the hard case.

1D. Once the tablet device is inside, plug the internal charging cable into the power socket of the device. Then re-clip back on the front hard cover on top of the hard case. Make sure to go around the perimeter and clip it all in.

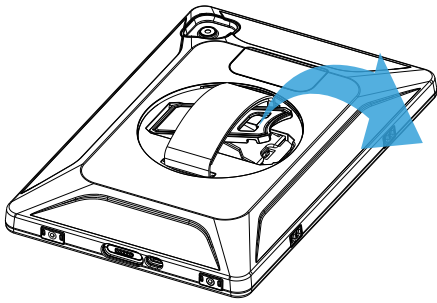

1E. Tighten 4 security screws (C) with the included anti-theft deterrent security key tool (D).

1F. Reinstall the external silicone rubber sleeve jacket. Start with one corner and work your way around. Using your hands, stretch the silicone jacket back over the edges to fit properly.

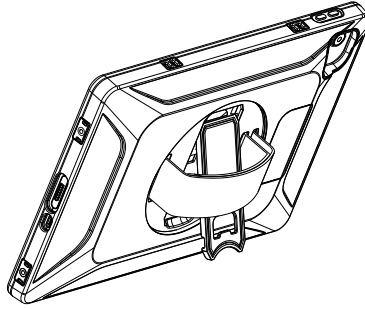

2. Setting the Cover in Tabletop or Handheld Mode

2A

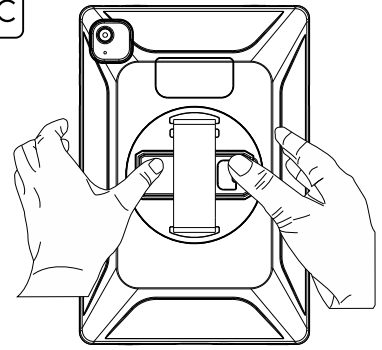

2A. Locate kickstand at case rear and fold out underneath strap.

2B

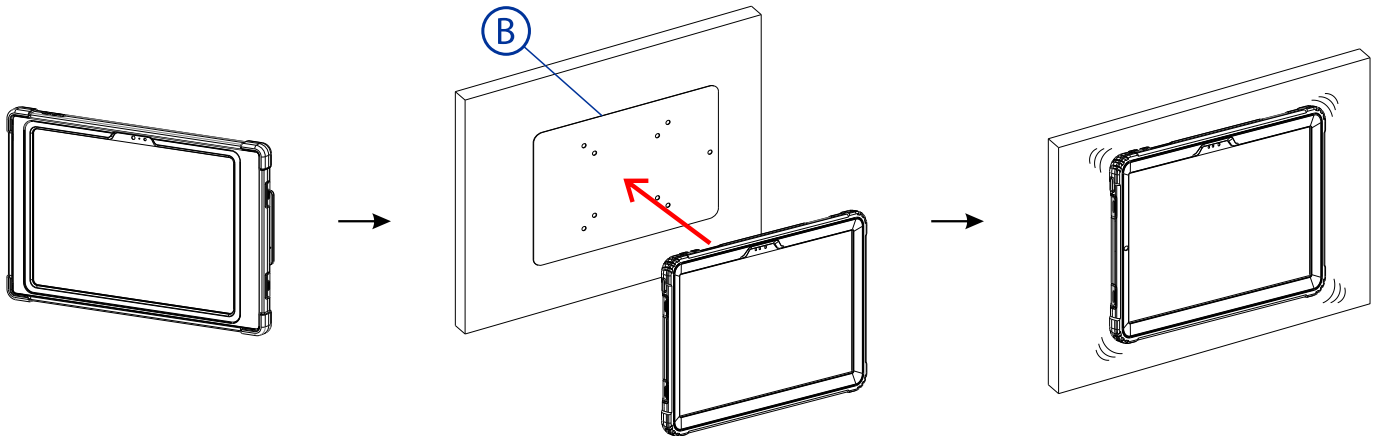

2B. Display tablet at desired viewing angle.

2C

2C. Press kickstand back in to return to handheld mode.

3. How to Setup Magnetic Mounting Plate

3A. First peel of the sticker backing for the adhesives on whichever mounting solution is being used (C or D). Place on wall, then place magnetic mounting case onto the plate.
