Tri-Screen VESA and Tablet Workstation

Tri-Screen VESA and Tablet Workstation

Expand the capabilities of your digital workspace with this highly adjustable triple mounting system. The simple design places your tablet and 2 VESA compatible monitors on sliding holder mounts along a metal bar, which can be placed at any height along the central pole. This bar can also rotate a full 360 degrees for a truly customizable triple screen experience, making this stand an excellent addition to your office, study, or classroom. The sturdy weighted stand base is outfitted with scratch protective rubber feet to prevent damage to your desk or table. The central pole is equipped with a convenient cable routing clip to keep your wires organized and out of the way. Each of the three mounts tilts in a ball socket and rotates a full 360 degrees to accommodate easy portrait and landscape orientations.

Features:

- Triple mounting system along slide-positioning bar for tablet and monitor
- Holders tilt in ball sockets and rotate 360 degrees for portrait and landscape orientations
- Bar rotates full 360 degrees along central pole and can be placed at any vertical position
- Sturdy weighted stand base with scratch protective pads
- Compatible with 7-13 inch tablets, including iPad mini, iPad Air, iPad Pro 12.9, Surface Pro 4, and more
- Compatible with VESA compatible monitors
