

# Microphone Clip and Tablet Holder Gooseneck Clamp Stand for 7-13 Inch Tablets

## Microphone Clip and Tablet Holder

The perfect accessory for on-stage performances, karaoke parties, workplace presentations, or recording sessions, this clever dual mount puts your tablet and your microphone side by side. The clamp's innovative design affixes a microphone clip and a tablet holder to side by side flexible goosenecks. Pull up your favorite song's lyrics for your next karaoke party, take your live DJ game to the next level, or keep your digital notes on hand at a public speaking engagement. The heavy-duty adjustable clamp uses powerful rubber grips and a rotary tightening mechanism to give you fast, easy setups on desks, tables, podiums, and more. The clamp can also attach to cylindrical objects like chair legs by removing the tabletop grip insert. The resizable tablet holder tilts on an axis and rotates 360 degrees for quick shifts between portrait and landscape orientation.

### Features:
