

Heavy-Duty Gooseneck Clamp Stand for Laptops

Heavy-Duty Gooseneck Clamp Stand

This flexible, sturdy clamp stand lets you create a laptop workstation on the fly wherever you need it. The heavy-duty adjustable clamp uses powerful rubber grips and a rotary tightening mechanism to give you fast, easy setups on classroom desks, conference tables, podiums, and more. The clamp can also attach to cylindrical objects like chair legs or hospital bed rails by removing the tabletop grip insert. The stand surface features protective no-slip rubber grips to ensure that your laptop stays put, plus a durable, ultra-flexible steel gooseneck for virtually infinite positioning options. The clamp is also outfitted with an attachable custom-positioning platform surface on an adjustable arm, perfect for a mouse-pad, USB hub, or other computer accessory. This platform surface can be used while the clamp is set up vertically or horizontally.

Features:

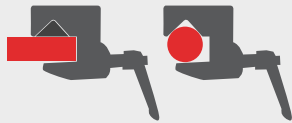

- Laptop stand with no-slip rubber pads
- Stand attached to durable, flexible gooseneck
- Heavy-duty adjustable clamp with no-slip rubber grips
- Attaches to flat surfaces like desktops and cylindrical objects like bed railings
- Multi-function platform surface for computer accessories on repositionable arm
- Platform surface can be used with vertical or horizontal clamp setups

Package Includes:
