

TABLE TENT POWER STATION

Table Tent Power Station

Treat your customers to a complimentary phone charge while they enjoy their meals, with the Table Tent Power Station from CTA Digital. Your diners will be thrilled to have access to fast, reliable phone charging without searching under tables for that elusive outlet. Clever engineering embeds a powerful lithium battery inside this compact device that doubles as a double-sided display stand for your menu inserts. Users just plug their devices directly into either the attached Micro USB or Lightning cable for rapid, effective mealtime charges. This power bank boasts two additional USB charging ports for up to 4 simultaneous device charges and even includes a convenient phone cradle at the top, with slots to secure 2 phones as they charge. Easily monitor the power station's remaining battery life using the convenient LED indicator lights on the side panel, and recharge using the included AC adapter.

**CHARGE DEVICES WITH ATTACHED MICRO USB OR LIGHTNING CABLES
OR
USE YOUR OWN USB CHARGING CABLE FOR UNIVERSAL COMPATIBILITY**
