

Smartphone Grip Clip External Battery Pack Charger

9000 mAh

Smartphone Grip Clip External Battery Pack Charger

Stay charged and on the move with CTA Digital's Smartphone Grip Clip 9000 mAh External Battery Pack Charger. Designed to be simple yet universal, the battery pack has arms that flip open and extend up to 3.5 inches, making it capable of holding any smartphone securely in place, and with a built-in belt clip, it's easily attached to the waist and worn on the go. Containing an immense 9000 mAh battery, this charger is the ideal charging station for keeping the iPhone 6S and most other smartphone devices lit up and ready to use. Plus, thanks to the added bonus of a kickstand, CTA Digital's Smartphone Grip Clip 9000 mAh External Battery Pack Charger also keeps those videos propped up and playing wherever you are – no outlet necessary.
