# Angle-Adjustable Locking Desktop Stand

For 7"-14" Tablets

## Angle-Adjustable Locking Desktop Stand

This streamlined metal tablet stand provides an angle-adjustable security mount for your tablet, making it an excellent fit for retail points of sale, reception desks, classrooms, and more. The stand's unique slide-adjustable holder protects your tablet from theft with an included key, tightly gripping your tablet by its corners. This open design allows full access to your device's ports, buttons, cameras, and headphone jack. This holder can also accommodate tablets in their cases, up to one inch in thickness. The stand features easy front to back angle adjustment for quick shifts between customer and register sides during a transaction, plus 360-degree rotation for portrait and landscape displays.

### Features:

- Slide-adjustable locking tablet holder
- Front to back angle adjustment
- 360 degree rotation for portrait and landscape displays
