Dual Security Kiosk Stand with Locking Case and Cable for iPad

Dual Security Kiosk Stand

Whether you need a security stand for display, point of sale or personal use, CTA Digital's Dual Security Kiosk Stand with Locking Case and Cable for iPad and iPad Air provides the features you need. This stand is made of strong and stylish black aluminum with the perfect design to serve as a workstation, kiosk display or retail POS iPad stand. The cast aluminum enclosure is made to fit the iPad 2nd-4th generation with openings for cameras and connections and is also compatible with iPad Air and iPad Air 2. The case tilts to easily adjust the viewing angle and rotates for horizontal or vertical views. The base can also rotate a full 360 degrees to easily switch from register to customer-side transactions. The anti-theft case enclosure is securely locked and can be accessed with the included keys, and an additional locking steel cable attaches to either the stand base or holder, securing easily to any fixture. The large base and solid stand offer stability and can also be installed onto a desk or countertop through predrilled holes and the included mounting hardware for easy installation and extra security. Keep your tablet charging while in use with clean cable routing through the stand. An included all-in-one stylus and ballpoint pen stores conveniently in the built-in holder found on the base. The case and bottom of the base are also padded to help protect your device and furniture. **Also available in Silver (PAD-ASK).**
