Easily adjusts for horizontal or vertical views

Custom Flex Wall Mount

This deeply customizable wall mount gives your tablet superlative positioning options and angle adjustment. Each of its 5 locking joints can be independently maneuvered to achieve the perfect arm length and height, while the ball sockets at the base and head offer limitless angle adjustment. The arm mounts easily to your wall with included hardware. The arm's base employs VESA mounting holes for custom interfacing with other VESA compliant equipment, like computer monitors or other stands. The tablet holder grips your device by the corners, allowing full access to all ports, buttons, cameras, and jacks.
