

Security Kiosk Stand

This stylish, aluminum enclosure brings simplicity, functionality, and theft protection to your classroom, conference room, retail point of sale, or other digital workstation. The hinged tablet enclosure cradles and protects your tablet, locking it in with included keys, and rotates a full 360 degrees for easy shifts between portrait and landscape orientations. This case enclosure is designed to allow full access to your tablet's buttons, cameras, charging port, and headphone jack, for compatibility with headphone jack credit card readers. Also included are a stylus and elastic tether, plus a built-in holder on the stand base. The stand mounts easily to your countertop, desk, or table with a set of included hardware.

Also available in Silver (PAD-DASS) and White (PAD-DASW).

Features:

- TOP TIER SECURITY - Locking aluminum enclosure protects tablet from theft
- CLEVER CASE DESIGN - Strategic design allows access to your tablet's home button, charger, headphone jack, volume buttons, and cameras
- ROTATE YOUR DISPLAY - Case rotates 360 degrees for easy portrait and landscape orientations
- STYLUS AND TETHER - Includes touchscreen stylus and elastic tether, plus built in holder on stand base
- EASY INSTALLATION - This stand mounts easily to your countertop, desk, or table with a set of included hardware
- Compatible with iPad (gen. 2-4), iPad Air, iPad Pro 9.7; compatible with headphone jack credit card readers
