

Security Wall Enclosure

This simple, functional wall enclosure brings security and ease of use to your iPad (2017), iPad Air, or iPad Pro 9.7. Perfect for classrooms, conference rooms, or doctors' offices, this wall-mounted case is designed to cradle and protect your tablet while still allowing full access to its ports, home and volume buttons, front camera, and headphone jack. The sleek, aluminum enclosure mounts nearly flush to the wall with a set of included hardware. The hinged faceplate locks into place with a lock and key security mechanism, protecting your iPad from theft. Your tablet sits snug inside the enclosure, padded and protected by scratch-protective interior cushioning. Also included is an optional metal home button cover plate to prevent unwanted menu access. The case enclosure accommodates clean charge cable threading with a scratch-protective rubber cutout at the rear, plus dedicated interior space and wrapping posts for managing slack and preventing accidental cable removal.

MOUNTS NEARLY FLUSH TO WALL
