

# Twin Kiosk Security Floor Stand

for iPad Gen. 5-6, iPad Pro 9.7, and iPad Air Gen. 1-2

QPAD-TKSF

This kiosk supports, protects, and displays two tablets for your classroom, showroom, or place of business. The sturdy aluminum stand prevents falls or wobbles even during heavy use. Elegantly curved support arms display two contrarily-faced tablets inside durable metal cases that offer full access while preventing damage. While each tablet is protected by an ultra-secure aluminum case, it's still available for quick access once unlocked by the included keys. Each support arm's height is independently adjustable, allowing you to stagger access for clientele of varying heights. Thanks to the hollow design and floor-level access, elegant cable-management is a snap. The Twin Kiosk Security Floor Stand is compatible with iPads gen. 5-6 ,iPad Pro 9.7, and the iPad Air.
