This Medical workstation cart gives you nearly limitless angle-adjustment and all of the mobility of a smaller wheeled stand, making it a perfect addition to a nurse's station, doctor's office or lab room. This medical cart is conveniently equipped with a tilting VESA plate for maximum compatibility with any 75 x 75mm, 100 x 100mm compatible displays or tablet holders. The VESA plate stand's arm is attached to the end of a spacious work surface, perfect for a keyboard, power supply, or other accessories. A dedicated power-strip compartment located underneath ensures that your charging cables stay connected and out of sight. Equipped with a handle in the front and heavy-duty locking wheels, this medical cart will go anywhere and be the perfect companion at any medical facility.
