# Security Acrylic Sanitizing Station
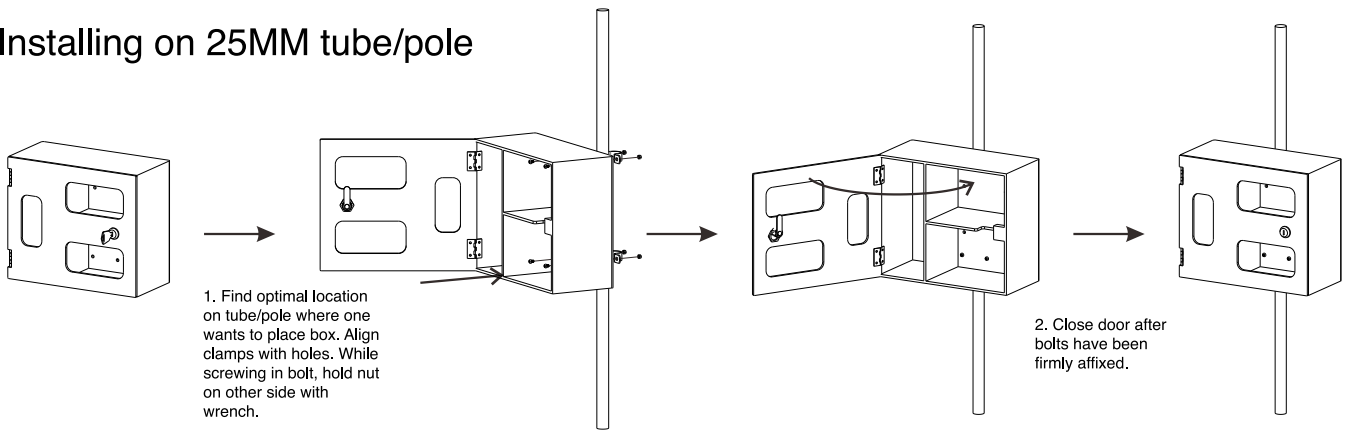

## INSTRUCTION MANUAL

### ADD-GLVBOX

## Component Checklist

x1     x2     x4

x2     x4

## Installing on 25MM tube/pole

1. Find optimal location on tube/pole where one wants to place box. Align clamps with holes. While screwing in bolt, hold nut on other side with wrench.

2. Close door after bolts have been firmly affixed.

## Installing on a VESA 75x75 size

1. Align Box with VESA holes on stand. Compatible with ADD-PARAFS ADD-PARAFSW ADD-PARAFS2 ADD-PARAFS2W stands. Diagram is showing an example of both stands. While door is open, screw in bolt into stand. For graphic stands, need to hold hexagonal nut on other side while screwing in bolt.

2. Close door after bolts have been firmly affixed.
