# Adjustable Table Mount with Universal Security Holder and Universal Security Enclosure (Black) For Tablets

## Adjustable Table Mount

This double VESA-Compatible Table Mount with two versatile tablet holders is the perfect solution for shops, classrooms, online ordering kiosks for restaurants, outdoor markets, or any place you need a two-device countertop kiosk. The first enclosure is CTA's popular Paragon Enclosure, a sturdy metal case with lock and key security. The second adds additional functionality. CTA's Universal Security holder is compatible with all 8.8-15-inch tablets. Secure, locking corner holders cradle the tablet in place. Both the holder and the enclosure attach to the kiosk via universal VESA 75 x 75 and 100 x 100-millimeter mounting plates. The center post of the kiosk is height-adjustable, allowing adjustment with top tablet enclosure. Both tablet mounts feature angle adjustment, and may be rotated for use in either portrait or landscape modes. An interior cable routing system provides ample room to neatly stow charging cables. The base is removable, and allows the center post to be drilled directly into a counter top.

### Features:

- Sturdy black metal table mount
- Two VESA-compatible 75 x 75mm and 100 x 100mm mounting plates
- Features one Paragon Security Enclosure and one Universal (Adjustable) Tablet Holder
