

ADD-On Gooseneck For Cell Phones

PH-GN

INSTRUCTION - MANUAL

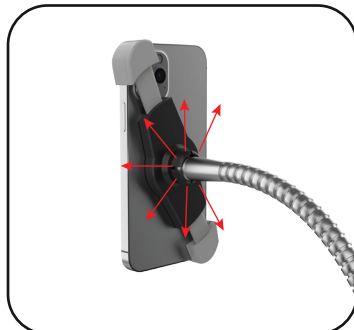

CONTENTS:

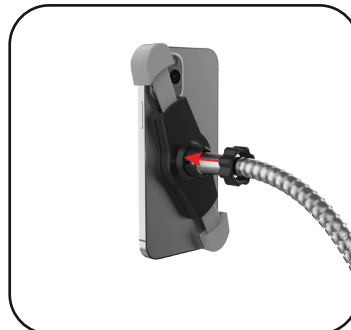

INSTALLATION:

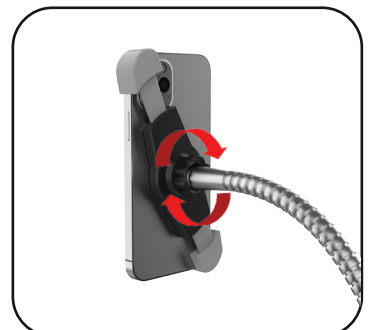

1. Attach the phone hold to the end of the ball joint side of the gooseneck. Just apply some force and there should be a snap into place.

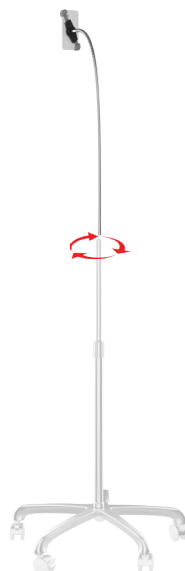

2. Adjust the tilt to whatever angle/orientation you would like the phone to be.

3. Slide the ring through the gooseneck until it meets the back of the phone holder

4. Rotate clockwise until securely fastened.

****Phone & Floor Stand Base Not Included
For illustration purposes only**

5. Rotate clockwise gooseneck onto any CTA mobile floor stand until securely fastened.
