

Universal Grip Kiosk Stand for Tablets

The two words best used to describe this product are “versatile” and “sturdy.” The heavy-duty holder protects your device from wear-and-tear, while the convenient omni-directional hinge rotates 360 degrees. With the hollow stand, you can invisibly route all the device’s cables directly through the stand itself, creating a clean, professional look. The two 360-degree swivels – one at the base and one at the mount – make this kiosk stand perfect for personable point-of-sale transactions. The universal holder holds virtually any tablet model and it can be used with cases up to 1” in thickness.

Features:

- Smooth front to back angle adjustment, perfect for point of sale transactions
- 360-degree swivel at base
- 360-degree enclosure rotation for portrait and landscape displays
- Metal base with scratch and slip resistant rubber grips
- Clean cable routing through hollow stand neck
- It can be used with heavy duty/rugged cases up to 1” thickness
- Compatible with any tablets from 7” to 13” including the newest iPad 10.2” (7th Gen.)
